Gerry

2 years, Female, Local Breed, Cream colour

Gerry was living at a construction site when she was injured by a truck. Though initially suspicious and wary of humans, she has since blossomed into a lovely and playful girl. Now she is well-socialised and can get along with other dogs and humans.

Ubin Girl

3 years, Female, Local Breed, Brown and Tan colour

If you live an active lifestyle, you would do well to adopt Ubin Girl. As her name suggests, she was rescued after an accident on Pulau Ubin and enjoys swimming and running. Though easy-going and friendly, this island girl will need a firm owner to handle her wily ways.

Dixie

2 years, Female, Local Breed, Black

This active and playful girl named Dixie packs a real punch; she enjoys exercising and will make a great activity partner be it running or walking. Just be mindful that she gets slightly alarmed if there are loud noises, but Dixie is amiable and gets along great with kids and other dogs. She is very small and would fit in well in an apartment.

Brownie

2 years, Male, Local Breed, Brown colour

This handsome fellow named Brownie is known to be slightly mischievous and loves to run. His active demeanour and positive temperament towards people and other dogs make him a joy to be with. With his long, mane-like hair, Brownie revels in his grooming sessions to keep those tresses looking good.

Spots

9 years, Male, Dalmatian, White and Black colour

For his age, Spots is quite the healthy male. Loving the solace of the garden, he is also up for long, leisurely walks. Used to being alone all this time, Spots does not like fighting for attention from children and other dogs. Only have enough love for one? You have your new dog here.

Martin

9 years, Male, Local Breed, White and Black colour

Age is just a number for Martin who can be quite the Casanova towards his female counterparts. Affectionate, Martin also loves the company of people and does not mind the loud chatter of children. Knowing basic commands and outdoor trained, he is a joy to bring out for a day of activities.

Faith

3 years, Female, Local Breed, Sable colour

Well socialised with people, children, and even cats, Faith is a three year old sable-coloured local dog. She was found badly abused and though she has since recovered from the ordeal, she still walks with a slight limp and cannot run fast. Her temperament is best suited for a more sedentary lifestyle; she'd be perfect if you needed a TV buddy or someone to cuddle up with on the sofa.

Emma & Posh

1 year 1 month, Female, Local Breed, Brown colour

Emma and Posh are extremely loving and friendly despite being abandoned by their owners. With such adorable dispositions, you'll find them hard to resist. Both girls learn fast and are excellent with other dogs and humans. They make great companions and will be a wonderful addition to any family. Both are not HDB-approved dogs.

King

8 years, Male, Cavalier King Charles, Black & Brown colour

This King Charles Cavalier is a senior dog and is aptly named King. At eight years, King is best suited for a relaxed lifestyle and would be great for families who need a dog for company. Though he has a slight heart murmur, King is generally in good health and he's also great with cats and children.

Nina

8 months, Female, Local Breed, Sable colour

Don't be turned off by her stern German Shepherd looks. Nina is a sweet, precocious lady who has had a tough past. Though she has healed fully, Nina is still wary of being touched without warning. Loving the secularity of high rise apartments, her sweet demeanour will have her overcoming her fears soon enough.

Yoko

3 years Gender, Female, Local Breed, Black colour

Want to adopt but worried for the little tykes at home? Yoko will dispel those fears as she loves interacting with children. Easily identifiable by the white spot on her right feet, she enjoys long walks and rarely pulls at the leash. Quite the flirt, she seems to be comfortable only with male dogs.
